Linkedin.com/Christi Meiliana Bawembang | Bandung, Indonesia

I am a graduate of the Indonesian Computer University with experience in the field of Visual Communication Design. For more than 2 years I have worked at the company PT Network Cipta Karya (Mekanuma), and currently I am working at Karsa Mahardika Nusantara from April 2024 until now. My job is to create mockup designs, ensure the colors produced by the print are exactly the same as digital, ensure the patterns and designs applied are appropriate. I am skilled in using Adobe Photoshop and Adobe Illustrator software. Have skills in sketching, basic photography, as well as creativity skills and good contribution. Also has great interest in developing a career in the field of design, with the aim of achieving professional certification and contributing to the development of the company.
